preliminary action for constituting the Bank. The Director Ste was appointed also as Director of L.M. Bank in addition to his own duties. In 1929 it was found that the Director Ste with his heavy charge could not devote sufficient time to the scheme It was also considered it was desirable to bring the scheme under the B.S. Act. and under the control of the Dept of Cooperation. As the Registrar also had his hands full it was found necessary to appoint a Deputy Registrar to help the Registrar in L.M. work It was also decided that the Deputy Registrar will work under the general control of the Registrar but will be responsible for all details connected with the work Messrs M.V. Nimmagadda & V.V. Janakiramaiah Iyer were appointed Deputy Registrars in 1933. and Mr. Abdul Rahman was appointed Deputy Registrar in 1933 when Mr. Janakiramaiah Iyer resigned (5) The file relating to the appointment of Mr. Abdul Rahman as Deputy Registrar. ~~and the file relating~~ the reorganisation of the Department and the delegation of powers to the Deputy Registrar are placed below for perusal.

(3) Now the President of the L.M Bank has asked for the services of a Deputy Registrar exclusively for L.M. work. It is also true that Govt have guaranteed the debentures of the Bank to the extent of about ten Lakhs of rupees, have appointed Chief Inspectors at a cost of Rs 250/- p.m. and have granted a subvention

of Rs 6000/- p.a to the Bank to meet the pay of the Secretary of the Bank and to recover the rate of interest on the money ~~lent~~ lent.

The primary L.M. Societies are given a subvention of Rs 1500/- p.a.

The appt of a Deputy Registrar exclusively for L.M. work will mean an addl cost of Rs 7200/- p.a. The total cost on this account will then be Rs 22950/- if the request of the Bank is to be complied with. The Registrar is not therefore inclined to accede to the request of the Bank and thinks that the question may be taken up if the Bank agree to pay the cost on account of the Deputy Registrar.

4) But the Registrar reports that ~~One~~ one Inspector be appointed for every two specific periods that the Bank usually take for the Bank has not expressed any opinion in the matter the matter need not perhaps be taken up now. Subject to your orders

The object with which the post of the Deputy Registrar (viz for the development of the L.M. scheme) was created will not have been achieved. The Deputy Registrar was entrusted with inspections, disposal of disputes etc ~~at the time of having the rest~~, because meantime he was also the office Asst and was also in charge of the Motor Unions. According to the recent reorganisation of the ~~gazetted~~ staff of the Dept, there are five Assistant Registrars in charge of divisions, a personal Assistant to the Registrar to attend to the routine & other work of the Dept, and the Deputy Registrar in exclusive charge of the Land Mortgage & other work under the general control of the Registrar with some duties and powers as appeals, inspections etc that may be delegated to him by the Registrar under orders of Govt, having been relieved of the charge of Motor Unions & the duties of P. In continuation of the above note it is stated that there are at present 100 L.M. Societies in charge of 29 Sub Dy Registrars (Corresponding to our Senior Inspectors) and three Dy Registrars in charge of the entire L.M. work. The cost on account of the three Deputy Registrars is being met by the Board from the year 1936-37. Prior to that, Govt was meeting the cost. (vide paras for 35-36) The cost of the Sub Dy Registrars is even now being met by Govt. subject to the condition that the primary banks after paying a dividend of not exceeding 5%. credit the entire balance of profit to the Reserve Fund. The similar condition was in force in the case of

Dy Registrars prior to 1936-37.

15) In Mysore there are eight Inspectors in charge at present of 32 taluks and the Dy Registrar is, in addition to other duties allotted to him, directly in charge of the L.M. scheme and Inspection about the functions and powers of the Deputy Registrar in Mysore Presidency is also obtained and placed below for perusal. (Flag H).

16) The Deputy Registrars in charge of the Ly. scheme have all the statutory powers delegated to other Deputy Registrars (Genl) but do not exercise such powers since their work is confined to the organisation, supervision and regular inspection and scrutiny of loan applications of primary Ly. banks and general control over the work and control of the Cooperative Land Dy Registrars (Asst) working under them, The other work relating to the L.M. taluks is looked after by the Dy Registrar (Genl).

17) This system leads perhaps to double control — Dy Registrar (Special) for new organisation development etc and Dy Registrar (Genl) for decision of

(1) Judging from the number of societies and Dy Registrars in the Madras Presidency as compared with ours, the number of societies in our state (32) would not appear unmanageable by one Registrar, who is assisted ably as he is by Mr. Ramakrishna Iyer. It seems to me desirable to take away this function so that the Registrar may remain free to control and advise developments in prosperity.

(2) It may also deal with disputes and appeals relating to L.M. work alone. The Registrar may deal with appeals and disputes relating to societies.

(3) Appeals against orders of registrars dealing with L.M. work may be made to the Registrar.

The proposal to empower the Registrar to appoint Inspectors at the rate of one for each increase of Town sources over forty cannot be accepted. work. It has however been stated that this office need not necessarily be the Deputy Registrar. The Registrar has now proposed that Mr Venkata Rao who is a Senior Asst Registrar on Rs 450, may be appointed an Additional Deputy Registrar on Rs 500 for being in charge of this Land Mortgage work. When the question was discussed at the meeting, it was probably the intention that an Asst Registrar may be in charge of the work as otherwise the words 'not necessarily the Deputy Registrar' would not have been specifically mentioned. The Registrar has taken advantage of this opportunity to propose the posting of Mr Venkata Rao & in doing so, to suggest his promotion to the grade of Deputy Registrar, though on a fixed pay of Rs 500. Though on personal grounds, the Officer in question deserves some promotion, since he has stagnated on the same pay viz Rs 450 for a period of seven years & a half, it is for consideration whether the present occasion viz to create an appointment of one office for Land-Mortgage work, could

NOTE—Contn. Sheet.

be awarded if to sanction a post of Deputy Registrar's cadre. The present proposal no doubt involves only an extra expenditure of Rs 50 per mensem immediately but the ultimate expenditure will be much more, as the question of giving a grade cannot be postponed indefinitely. The Deputy Registrar's grade is Rs 500-50/2-600, the average being 566 2/3. The ultimate expenditure that has to be reckoned is Rs 116 2/3 per mensem.

39) One additional Asst Registrar will also to have be sanctioned, to be in charge of one of the Divisions, in place of Mr Venkata Rao deputed for other work. Even if he is of the lowest grade viz Rs 150-15/2-250, the average extra cost will be Rs 212 2/3 per mensem.

40) The present Deputy Registrar is attending to some other work in addition to Land Mortgage work. If Mr Subba Rao is posted to some Division & Mr Venkata Rao is engaged solely on Land Mortgage work, the other items of work which were being hitherto attended to by the Deputy Registrar will devolve on the Registrar. in the altered circumstances, the Registrar will require some assistance has not been made clear. It is probable that he will come up with some proposals later on, for an Office Assistant, at least of the grade of the Casual Asst Registrar. This will also add to the recurring cost. Returned with compliments.

(1) At the meeting held on the 12th May 1939 in the Chambers of the Second Member of Council, it was considered necessary, in the interests of the development of the Land Mortgage Scheme and its rapid expansion to all the parts of the State, that there should be one Officer in exclusive charge of the work relating to the scheme such as the organisation, development and inspection of the Land Mortgage Co-operative societies. As in my opinion the scheme requires the exclusive attention of an experienced Officer of the Department of Co-operation, I had in my letter No: 14642/C.S.dated 12th June 39 proposed that Mr. M.D.Venkate Urs, B.A., Assistant Registrar, Bangalore Division, may be appointed additional Deputy Registrar on Rs. 500/- and placed in exclusive charge of the Land Mortgage Societies. I had thought of posting Mr. K. Subba Rao, B.A.,LL.B., Deputy Registrar on Rs. 550/- in grade Rs. 500-50/2-600 to the charge of a Division and to make some very temporary arrangement for the charge of the other items of work that are now being attended to by the Deputy Registrar.

(2) 2. In view however of the development programme of the Department, particularly in the sphere of the co-operative marketing of areca, fruits, cotton, ground-nuts etc., the undivided attention of an experienced officer is necessary to whom the development of non-credit types of societies, introduction of the controlled credit scheme etc., may also be entrusted. When the co-operative marketing of areca is taken up as proposed, the Deputy Registrar will have to attend to that work and his Head Quarters will have to be at Shimoga during the areca season, i.e., from December to May each year. The undivided attention of a superior officer to this important

scheme is absolutely necessary as on the successful working of the scheme depends the welfare of the major portion of the Maln population of the Kadur and Shimoga Districts and as the quantity of areca to be handled by the marketing society may go up to a lakh of maunds in the immediate future.

46) 3. I have considered the advisability and feasibility of tacking on some of the items of work to my Personal Assistant but I find it impossible and impracticable to do so as the work of the office has enormously increased as the following statistics will show:--

	During 37-38.	38-39.
1. No: of papers, petitions, reports etc. received in the office.	9704	10999
2. No: of references and communications issued from the office.	14734	20610
3. No: of disputes of original jurisdiction under 43 A received, in the office.	15	18
4. No: of appeals received.	5	7
5. No: of applications under section 60.	10	14
6. No: of Mis. appeals.	9	9
7. No: of surcharge cases.	-	3

I may state here that the Personal Assistant was given to me on my agreeing to forego the Manager's post which was abolished accordingly. It is impossible for me to entrust any executive work to the Personal Assistant. Audit work of urban co-operative societies with a work ng capital of Rs. 5000 and above has been arranged to be got done through certified auditors appointed by the Registrar for the purpose and this has added to the work of the office in that the Audit Reports in respect of nearly 230 societies have to be carefully scrutinised and reviewed by the office. To cope with the increase of work in the Office it has been found very necessary to strengthen the clerical staff of the office by the addition of at least two hands in the lower grade viz., Rs. 25-2½-50 for which I was contemplating to submit separate proposals and which I shall do in due course. The development programme has also entailed heavy correspondence,

study and investigation and requires the undivided attention of one Officer.

4. Of the five Assistant Registrars, four Officers are each in charge of two Districts, the Bangalore District being in charge of the fifth Assistant Registrar. The number of societies under the control of each Assistant Registrar is about 375 on an average and ~~all~~ the time of these Officers is wholly taken up in inspection and disposal of disputes and they have no time to undertake the development of non-credit activities. The salvation of the agriculturist lies in co-operation and in the application of the co-operative principle for the solution of all his problems. The Reserve Bank of India have emphasised the great need for the organisation of multi-purpose societies. For organising work on these lines, there is need for an Officer being in exclusive charge of it under the directions of the Registrar.

5. In the light of the foregoing I beg to revise my proposals as hereunder:--

As decided at the meeting on 12-5-1939 there should be one Officer exclusively for land-mortgage work. As it is not possible to redistribute the work among the present officers so as to place one in exclusive charge of Land-mortgage work, an addition to the cadre of the Gazetted staff of the Department by one Officer is necessary. I request that one Officer on Rs. 150-25/2-250 may be appointed for being posted as Assistant Registrar. The Officer to be placed in exclusive charge of the Land-mortgage scheme will have to be given the services of a typist-clerk on Rs. 30-3-60 and two orderlies on Rs.12 each. The clerk and peons now working under the Deputy Registrar will continue to work under him. The extra cost on account of these revised proposals will be Rs. 286-2/9 per month or Rs.3434-2/3 per annum as detailed below:--

One Assistant Registrar on Rs. 150-25/2-250.	212-2/9
One typist-clerk on Rs. 30-3-60.	50-0-0
Two peons on Rs. 12 each.	24-0-0
Total.	Rs.286-2/9.

Per mensem.

or Rs. 3434-2/3 per annum.

If this arrangement is given effect from 1-8-1939, the cost for the current year will be Rs. 2040/- only.

6. I shall submit separate proposals for improving the pay and prospects of Mr. M.D.Venkate Urs, who has stagnated on Rs. 450 for over 7½ years.

50 According to the revised proposals of the Registrar as indicated in Para 4 & above the extra average cost on the L.M. scheme will be Rs 2862/9 p.m. and the immediate cost (during the current year) will be Rs 204/- p.m.

The establishment of two Inspectors similarly has been agreed to at the meeting. The expenditure on this account will be Rs 172/- p.m. at the rate of Rs. 86/- p.m. per Inspector.

51 The Registrar has since also separate proposals to increase the pay of Mr. Venkate Urs from Rs 450/- to Rs 500/- p.m.

52 Thus the total cost on account of the establishment of an Asst. Registrar a clerk and two peons; and two Inspectors with two peons would be Rs 458 2/9 p.m. on the average and Rs 376/- p.m. immediately during the current year. The extra cost on account of the increase of emoluments to Mr M.D. Venkate Urs is not taken to consideration

53. Two more Inspectors for Land-Mortgage work may be sanctioned as suggested in para 3 of the notes.

54. One Asst Registrar in grade Rs 150-25/2-250 may also be sanctioned for being exclusively in charge of Land-Mortgage work. It has been agreed at the meeting that one separate office should be appointed for this purpose -- one typist clerk on Rs 30-3/2-45 & two peons on Rs 11 each may also be sanctioned. The Registrar Coop. says that he will manage with the above staff & that he had no idea of asking for any assistant to help him for coping with any work that may devolve on his office. As according to his recent proposals, there is no idea of distributing Mr Subba Rao from his present work (except taking away Land-Mortgage work) from him) there is also no need for such assistance -

53. I have every measure of sympathy with proposals that are calculated to alleviate the distress felt in rural parts on account of the great economic ~~malee~~ malaise that had overtaken the whole of India in the recent past. But, while recognising this need, we have to take count of the limitations of the financial capacity of both the debtors and the present economic organisation upon which the internal credit structure and price level is built up. In the case of a Land Mortgage Bank, past experience has indicated that the progress in the reduction of rural indebtedness has been slow and the volume of operations has not expanded sufficiently to enable Government to be freed from the burden that they had to face on account of the subventions and other indirect forms of financial assistance to achieve the very desirable object. At the same time, understanding the limitations of the credit structure and the repaying capacity of the borrower, the power to do good by these Land Mortgage Societies in a very real and expanding manner so as to benefit the largest number may not be susceptible of early realisation at all. If this be the case, the expansion of activities is likely to draw more largely upon the everyday resources of Government for indirect assistance either by way of subvention or otherwise in the not very distant future. In this view, in addition to the guarantee on the Land

Mortgage Bank Debentures given by Government, the expanding liabilities on account of staff and other charges will form no inconsiderable part of the burden that cannot be lightly shaken off in the next few years, or for some years to come. The present proposal is to sanction (1) the post of an Assistant Registrar on Rs 150-25/2-250 with ~~xxxkxxx xxx~~ two peons, (2) Two inspectors on Rs 40-5-75 plus F.T.A. Rs 35/-, (3) one typist on Rs 30-3/2-45 and (4) two peons on Rs 11 each, and annual recurring expenditure of Rs 5,000/- In this.

56 I have to point out that there is no provision in the current year's budget for this recurring item of expenditure. Government have already been spending a large amount on the development of this activity by large subventions towards the pay and allowances of the Secretary and establishment charges of the Bank and also by bearing the cost of the ~~xp~~ supervisory staff. In Madras the cost of the pay of the Deputy Registrar and establishment and contingencies is required to be met by the Banks themselves. In the circumstances and under present conditions of the Revenue finance, it is very difficult for the Finance Department to agree to any additions to the recurring expenditure -- particularly when it has to be remembered that it cannot be lightly reduced in the future on account of the possible commitments that it involves

in the progressively expanding activities of the department unless savings in other items of recurring expenditure could be definitely pointed out for covering the cost. The whole question as regards the modes of financial assistance to be given to the Land Mortgage Bank requires, in my opinion, to be re-examined. I think it should be practicable to carry on with the existing staff by a suitable readjustment and re-arrangement and it appears to be too early to sanction further additions to the staff. I may add that the Registrar himself was not in favour of creating an extra officer's post for the Bank.

Subject.— Proposal to sanction a Gazetted post of an Assistant Registrar of Co-Operative Societies in grade Rs 150-25/2-250 for being exclusively in charge of Land Mortgage Work for two years in the first instance.

The Registrar of Co-Operative Societies has, in his letter dated 23rd March 1939, stated that there are, at present, 35 primary Land Mortgage Socieites with jurisdiction over 36 - Taluks and Sub Taluks, that there is a staff of 8 special Land Mortgage Inspectors to look after them and that the number of Societies as also of the special Inspectors is bound to further increase in view of the general demand for the extension of the Scheme all over the State. He has further stated that it is necessary that a senior and experienced officer of the Department of the grade of Deputy Registrar, should be placed in exclusive charge of the Land Mortgage Scheme so as to enable him to give sole and undivided attention to the satisfactory working of the Land Mortgage Societies, that this officer should work in close co-operation with the President of the Land Mortgage Bank and that he should have full control and supervision over the staff of special Land Mortgage Inspectors. While agreeing with the - recommendation of the Registrar as regards the necessity of a separate officer, I propose that, instead of a Deputy Registrar, an Assistant Registrar of Co-Operative Socieites in grade - Rs150-25/2-250 may be appointed for a period of two years in the first instance. The Assistant Registrar's cadre will thus be increased by one.

This proposal which has been agreed to by the Dewan and the First Member of Council may be graciously sanctioned.

From

M. ABDUL HUKH, Esq., B.A.,
Registrar of Co-operative Societies in Mysore,
BANGALORE.

To

P.H.Krishna Rao, Esq., M.A.,
Secretary to the Government of Mysore,
Local Self-Government Department, Bangalore.

Sir,

I have the honour to forward, herewith, for the consideration and orders of Government, a copy of letter No.S.I.581 dated 16th March 1939 received from the President of the Mysore Central Co-operative Land Mortgage Bank, Ltd., Bangalore City, making certain proposals for the more efficient working of the Land Mortgage Bank and the Land - Mortgage Societies and to state as follows:-

The first proposal is that a senior and experienced officer of the Department of Co-operation, preferably an Officer of the grade of Deputy Registrar, may be placed in exclusive charge of the Land Mortgage Scheme so as to enable him to give sole and undivided attention to the satisfactory working of the Land Mortgage Societies, that this Officer should work in close co-operation with the President of the Land Mortgage Bank and that he should have full control and supervision over the staff of special Land Mortgage Inspectors. Government have in their order No.D.8767-68/C.S.73-37-9 dated 19th May 1938, been pleased to direct that the Deputy Registrar be placed in exclusive charge of (i) the Land Mortgage Scheme in the State inclusive of the organisation, development and inspection of the Land Mortgage Societies and (ii) the work relating to the organisation and development of new types of non-credit societies. He is also authorised to hear and dispose of disputes and appeals that may be referred to him by the Registrar and to inspect other credit and non-credit societies. He is expected to act as the Technical Assistant to the Registrar in matters relating to higher forms of Co-operation and Co-operative Finance. But though the Government order contemplates that the Deputy Registrar may

P.T.O.

may be entrusted with several items of work, his main duty has all along been and still is, the work relating to the Land Mortgage Scheme. The Land Mortgage Inspectors are entirely under his control and supervision. The work of Land Mortgage Societies is scrutinised by the Deputy Registrar and the monthly returns received from societies are all reviewed by him. The Diaries of the Land Mortgage Societies Inspectors are also reviewed by him. Thus it will be seen that the Deputy Registrar is in exclusive charge of the Land Mortgage Scheme. I have not had any complaint from the Deputy Registrar that his work is heavy and that he requires relief in any direction. It is likely that the work may increase so as to require the sole and undivided attention of one Officer but it is not likely that this stage would be reached for 2 or 3 years more.

In support of his proposal, the President has instanced the appointment of three Deputy Registrars in the Madras Presidency. But there, the cost on account of the Deputy Registrars is charged entirely to the Central Land Mortgage Bank and recovered from it. The following extract from the Report on the working of the Madras Land Mortgage Bank for the year 1937-38 is to the point:-

"Contribution to Government Staff:- As stated in the previous reports, the Government are levying the full cost of the Deputy Registrars employed for Land Mortgage Work for the last three years. The cost on account of the three Deputy Registrars employed during the year together with the cost of their establishment and contingencies came to Rs.28,262-5-6 as provisionally communicated to the Bank and this amount will have to be paid from the profits of the year. As regards the cost of the Co-operative Sub-Deputy Registrars for Land Mortgage Banks, the Government in Government Order No.823 dated 28th March 1938 have agreed to meet their cost for the present if the primary Banks, after paying a dividend not exceeding 5 per cent, set apart the entire balance for their profits to reserve fund."

In Mysore, the entire cost on account of the Deputy Registrar and his staff, his T.A. and contingencies and the pay and T.A. of the Special Staff of Land Mortgage Inspectors and their peons is met in entirety by Government. In addition, the Bank has been getting a subvention towards

towards the pay and allowance of the Secretary of the Bank and for meeting the establishment charges. (The subvention for 1937-38 was Rs.7,000 and for 1938-39 Rs.6,000). I am of opinion that the question of the placing of the Deputy Registrar in exclusive charge of the Land Mortgage Scheme may be taken into consideration by Government when the work increases and the Bank agrees ~~as in Madras~~ to meet at least half the cost.

2. The other proposal hinted at is the strengthening of the Staff of Special Inspectors for Land Mortgage work consequent on the increase of the number of Land Mortgage Societies and the expansion of the Scheme I am of opinion that for ensuring the success of the Scheme and its working on efficient lines, it is necessary that there should be one Special Inspector for not more than four Land Mortgage Societies situated in close proximity to each other and that the Registrar should be authorised to appoint one Inspector in grade Rs.40-5-75 and one peon on Rs.11 to work under him (with a fixed T.A. of Rs.35/- per mensem) for each addition of four Land Mortgage Societies over and above the present level of 35. It may also be stipulated that half the cost on account of this additional establishment may be borne by the Bank.

I have the honour to be,
Sir,
Your most obedient servant,

Registrar.

Letter No.S.I.581 dated 16th March 1939 from the President, the Mysore Co-operative Land Mortgage Bank,Ltd.,Bangalore City, to the Registrar of Co-operative Societies in Mysore,Bangalore.

==========

I have the honour to state that with the gradual development of the Land Mortgage Scheme in the State, the area of its operations is steadily increasing. At present, there are 35 primary Land Mortgage Societies with jurisdiction over 36 Taluks and Sub-Taluks, and with a staff of eight special Land Mortgage Inspectors sanctioned by Government to look after them; and the number of the societies as also of the special Inspectors is bound to further increase in view of the general demand for the extension of the Scheme all over the State. In the Madras Presidency, with about 95 primary societies and a staff of 29 Sub-Deputy Registrars (corresponding to our special Land Mortgage Inspectors), three Deputy Registrars have been specially appointed and deputed by Government to attend to the work of these societies. Now that we have already got in our State 35 societies and a staff of eight special Inspectors, and that their number is expected to go on increasing steadily, it is high time that a senior and experienced Officer of the Department (preferably an Officer of the grade of Deputy Registrar) is specially deputed to give sole and undivided attention to the satisfactory working of the existing societies as also to the further extension and development of the Land Mortgage Scheme on safe and sound lines in the State. The Officer should work in close co-operation with the President of the Land Mortgage Bank and have full control and supervision over the staff of special Land Mortgage Inspectors sanctioned by Government. I think that such an arrangement is quite necessary for the efficient and satisfactory working of the Land Mortgage Scheme and request that you will place it before the Government for their consideration and sanction.

Proceedings of the meeting held in the Chambers of the Second Member of Council on 12th May 1939 at 3 P.M. with the President, The Mysore Central Co-operative Land Mortgage Bank, the Registrar of Co-operative Societies, the Comptroller, the Financial Secretary and the Secretary, Local Self-Government Department to discuss certain matters relating to the Land Mortgage Bank.

I. FORMATION OF A SINKING FUND.

The first series of debentures were issued at the end of the year 1930 and the second series in 1933. They cannot be redeemed earlier than 10 years after issue. They would therefore be redeemable only at the end of the year 1940 and in 1943.

Contribution to sinking fund can be only from profits made by the Bank. But there are now no profits and Government have had to contribute even towards working - expenses. The formation of a Sinking Fund is therefore out of the question now, as it would only mean a further subvention from Government. The question may therefore be considered four years hence viz., in 1943. The President is hopeful that he could then be in a position to redeem most of the high rated debentures, either by floating new debentures at a lower rate of interest, or by earmarking - recoveries on account of principal towards roderption. As the recovery of loans is quite satisfactory and is showing a tendency to improve, it was agreed that the consideration of the question of forming a Sinking Fund may be deferred till 1943.

II. APPOINTMENT OF A DEPUTY REGISTRAR FOR LAND MORTGAGE WORK AND THE ESTABLISHMENT OF ADDITIONAL INSPECTORS.

The Registrar is of opinion that if an accelerated programme of work relating to Land Mortgage Scheme has to adopted, the appointment of an officer exclusively for Land

145

Land Mortgage work is desirable. It was agreed that an officer (not necessarily the Deputy Registrar) was necessary for being in charge of Land Mortgage work. The Registrar may be addressed to suggest suitable names for appointment.

As regards Inspectors it was agreed that two additional Inspectors solely for Land Mortgage work may be sanctioned as there are now only eight Inspectors for 36 Societies (with the prospect of four more societies coming into being) as it is necessary to have an Inspector for every four societies.

III. FREE SUPPLY OF MAPS TO LAND MORTGAGE SOCIETIES.

The actual cost of a map irrespective of the prices charged may be ascertained from the Superintendent, Revenue Survey and Settlement.

IV. CONFIDENTIAL REPORTS OF AMILDARS ETC., IN CONNECTION WITH LAND MORTGAGE BANKS.

A circular was issued to the Deputy Commissioners of Districts through the Revenue Commissioner that attention to Land Mortgage work is one of the important duties of Revenue Officers and that their work in this direction should be noted upon in the confidential reports of Amildars and Sub Division Officers as suggested by the President, Land Mortgage Bank.

V. LAND MORTGAGE BANKS AND DEBT CONCILLIATION BOARDS.

It was agreed that Debt Concilliation Boards would not be able to function properly in the absence of Mortgage Banks to advance the amount of the scaled down debts. Debt Concilliation Boards should therefore be established in future only in places where there are already Mortgage Banks. Per contra action should be taken to establish Mortgage Banks in places where there are Concilliation Boards and if that is found not feasible the Concilliation Boards may be abolished until Mortgage Banks can be started.

Proceedings of the meeting held in the Chambers of the Second Member of Council on 12th May 1939 at 3 P.M. with the President, The Mysore Central Co-operative Land Mortgage Bank, the Registrar of Co-operative Societies, the Comptroller, the Financial Secretary and the Secretary, Local Self-Government Department to discuss certain matters relating to the Land Mortgage Bank.

BANGALORE.

GENERAL SECRETARY 15 JUNE 1939

J. Appaji Gowda, Esq., B.A.,(Hons),
Secretary to Government,
General Department, Bangalore.

Sir,

With reference to para II of the Proceedings of the meeting held in the Chambers of the Second Member of Council on the 12th May 1939 for the consideration of certain outstanding problems relating to the Land Mortgage Scheme, I have the honour to state as follows and to submit the following proposals for the consideration and orders of Government:--

1. At present there are 36 Land Mortgage societies, with their area of operations extending over 32 taluks, three Sub Taluks and portions of three taluks (vide statement enclosed for ready reference). Arrangements for the organisation of a Land Mortgage society at Seringapatam are in progress. Investigations are being conducted regarding the suitability of the Bangalore Chintamani and Holenarasipur taluks for the introduction of the scheme and societies will be organised in these taluks in the near future. The Taluks of Shikarpur in which the Anjanapur project is being worked up and Jagalur which contains a large number of tanks will also be taken up for the introduction of the scheme in the next year. In the interests of the agriculturists it is necessary that an accelerated programme of expansion of the scheme should be adopted till the entire State is brought under its benefits. In fact, the Mysore Co-operative Committee have also opined that the scheme should eventually be extended through-out the State.

2. When the Land Mortgage scheme was introduced in 1929, a Deputy Registrar of Co-operative Societies was appointed for being in exclusive charge of the work relating thereto and he had an independent office. But in 1931, the Office of the Deputy Registrar was amalgamated with that of the Registrar and he was made the Personal Assistant to the Registrar in addition to being in charge of the Land Mortgage Scheme. He was also entrusted with the work relating to the inspection of other special types of societies including ordinary credit societies with a working capital exceeding Rs. 15,000/- to be distributed between himself and the Registrar each year. After the reorganisation of the Gazetted staff of the Department sanctioned in Government Order No: D.3731-32/C.S.90-36-15 dated 5th February 1938, the Deputy Registrar was relieved of the duties of the Personal Assistant to the Registrar and placed in charge of the following items of work as per Government Order No: D.8767-68/C.S. 73-37-9 dated 19th May 1938:-

(a) Subject to the general control of the Registrar, the Deputy Registrar will be placed in exclusive charge of:
  (i) the Land Mortgage Scheme in the State, inclusive of the organisation, development and inspection of the Land Mortgage Co-operative Societies. (The Central Co-operative Land Mortgage Bank will however be under the direct control of the Registrar and
  (ii) the work relating to the organisation and develop-ment of new types of non-credit societies.

(b) The Deputy Registrar will act as the Technical Assistant to the Registrar of Co-operative Societies in matters relating to higher forms of Co-operation and Co-operative Finance.

(c) The Deputy Registrar will as hitherto undertake the inspection of societies (as laid down in Government Order No: D.9293-4/C.S.4-30-6 dated 1-4-1931 and G.O. No:D.2956-7/C.S.61-33-2 dated 19-12-33) that may be allotted to him by the Registrar.

(d) The Deputy Registrar will be authorised to hear and dispose of such disputes and appeals and miscellaneous applications as may be referred to him by the Registrar.

3. In view of the importance of the Land Mortgage scheme, it is necessary that the Deputy Registrar should be relieved of his duties relating to items other than the Land Mortgage scheme.

This will entail additional work on me and my office.

4. In this connection I have to state that the present Deputy Registrar, Mr. K. Subba Rao has been in charge of the Land Mortgage scheme from 1933 and a change is very desirable. I therefore propose that Mr. M. D. Venkate Urs B.A., Senior-most Assistant Registrar of the Department, may be appointed additional Deputy Registrar in charge of Land Mortgage Scheme on Rs. 500/-. He has put in a total service of nearly 18 years in the Department, has had foreign training also and has been drawing Rs. 450/- in grade Rs. 200-25-450 from 1-11-1931, from which date he has had no promotions. His work has been all along satisfactory. I think that the small promotion recommended by me will be a good incentive and encouragement for applying himself vigorously and enthusiastically to the new work proposed to be entrusted to him.

5. I shall submit separate proposals for the posting of Mr.K. Subba Rao, B.A.,LL.B., now in charge of Land Mortgage work after orders of Government are received on the above proposals.

I have the honour to be,

Sir,

Your most obedient servant,

Registrar.

GENERAL SECRETARY 15 JUNE 1939 CS

Sir,

Re: Entertainment of additional Inspectors for Land Mortgage work.

With reference to the proceedings of the meeting held in the Chambers of the Second Member of Council on 12th May 1939 and the decision arrived at, on the above subject, I have the honour to state that there are at present 36 Land Mortgage Societies as per statement enclosed and a society at Seringapatam will be organised in the immedi-ate future. Societies are also under contemplation in the taluks of Bangalore, Chintamani and Holenarasipur for which the necessary pre-liminary investigations are in progress. After these are registered the number of societies will be forty. An Inspector of Co-operative Societies cannot satisfactorily attend to the work of more than four Land Mortgage Societies. In Madras there were 33 Sub-Deputy Registrars in charge of 99 primary Land Mortgage Banks on 30-6-1938 which gives an average of 3 societies per Sub-Deputy Registrar. There are now in the Mysore State 8 Special Inspectors for Land Mortgage work in charge of the 36 Land Mortgage societies. The jurisdiction of some of the Inspectors is very large. In the interests of the rapid expansion of the Land Mortgage Scheme and its satisfactory working, I request that Government may be pleased to sanction the appointment of two more Inspectors of Co-operative Societies in grade 40-5-75 and two peons on Rs. 11/- each with a Fixed Travelling Allowance of Rs. 35/- per Inspector per month so that the jurisdiction of the

ten Inspectors may be suitably revised and each put in charge generally of not more than four societies.

2. As the Land Mortgage Scheme has eventually to be extended throughout the State, and as the staff of Special Inspectors will have to be increased from time to time, to cope with the increase in work, which will be the natural consequence of the policy of expansion, I request that Government may be pleased to empower me to appoint Special Inspectors and peons to work under them on a prorata basis at the rate of one Inspector and one peon for each increase of 4 Land Mortgage societies over forty.

I have the honour to be,

Sir,

Your most obedient servant,

Registrar.
